## SUMMARY

---

A third-year student in Computer Science at Binus University with high interest in software engineering fields such as mobile programming, front-end development, and Intelligent Systems. Experienced in creating applications using Android Studio on Java language, made Websites with PHP language, created an UI application using Figma, made and presented a research paper at ICCSCI, and published the paper in Elsevier.

## EDUCATION

---

### **Binus University - Bachelor of Computer Science**

2021 – Expected Graduation in 2025 (GPA 3.32 / 4.00)

## EXPERIENCE

---

### **The 8th International Conference on Computer Science and Computational Intelligence - Malang , Indonesia**

Autors (Feb 2023 - Aug 2023)

- Looking for ideas such as titles, research variables, and paper references to prepare for making research papers.
- Make a research paper, and create two algorithm models, namely Artificial Neural Network and Decision Tree using Python.
- Present the paper in front of the professor and other researchers.

### **Member of Bina Nusantara Computer Club**

Member (Sept 2021 - Sept 2022)

- learn the Java language.
- learn application development using Android Studio.
- Created a food recipe and hotel booking application project

## SKILLS

---

- |                  |            |
|------------------|------------|
| • Android Studio | • Figma    |
| • Java Language  | • Firebase |

- My SQL
- Web Programming (HTML, CSS, JS)
- C Language
- Python

## CERTIFICATES

---

### Contribution as an Author in publishing paper

August 2023 - August 2023

International Conference on Computer Science and Computational Intelligence

Paper DOI [10.1016/j.procs.2023.10.540](https://doi.org/10.1016/j.procs.2023.10.540)

### Mobile Application Development

Sept 2021 - Sept 2022

Bina Nusantara Computer Club

ID Kredensial 001/LNT/III/MEMBER/BNCC/KMG/XXXIII/09.2022

## LANGUAGES

---
